

My name is Kevin bobbins. I live in Seymour, CT. I support SB 522. I have been black bear hunting twice, and plan on doing it a lot more. Both times I've gone to Canada and spent several thousand dollars. I'd rather keep my money in Connecticut. This bill would save me time and money, and make the state money.

I'm also in favor of all Sunday hunting. And I'm against "Cecil's law". This would only negatively impact legal hunters. Not poachers. Thank you.
